For Immediate Release

Corps names new dredge team chief

HUNTINGTON, WV... Kent Browning has been named the new Chief of the Dredge Team for the Huntington District, U.S. Army Corps of Engineers (USACE).

As Dredge Team Chief, Browning is responsible for the overall management of navigation channel maintenance activities for the Huntington District.

A native of Barboursville, W.Va, Browning graduated from West Virginia Institute of Technology in 1997 with a Bachelor of Science in Civil Engineering, While attending college, he worked for the Corps as a student in the Civil Design Branch of Engineering District. After graduation, Browning worked for Benatec Associates as a highway design engineer before returning to the Corps in 2000 as the lead inspector for the dredge team. He was temporarily promoted to dredge team leader in 2004.

Throughout his 10-year career with the Corps, Browning has received numerous honors and awards including the 2005 Huntington District Natural Resource Management Stewardship Employee of the Year.
